author avatar in a given project I want to know how I can display  
the author avatar of a given project for a user? I am using pro  
modules. A: Create a view with arguments project and user. Then,  
attach a different view to that, and in the second view attach a  
picture. Make sure you give the picture view a contextual filter  
that lets you find the project and user and passes them through to  
the view. to's actions and those of his coconspirators. The  
defendant also argues that the District Court erred in adding a two-  
level enhancement to his sentence for possession of a firearm  
during the commission of a crime. As we have already explained,  
Officer Lazar was clearly lying when he testified at trial that the  
defendant didn't have a gun in his possession; instead, the  
testimony, and the surveillance footage, demonstrate that the  
defendant had a gun in his possession in the store. Despite that lie  
by the officer, and the fact that the defendant used the pistol to  
attempt to shoot at an unarmed police officer, the District Court  
still determined that the application of an enhancement for  
possession of a firearm during the commission of a crime was  
appropriate. After reviewing the record and considering the  
defendant's arguments, we conclude that that decision was not an  
abuse of discretion. IV. The judgment of the District Court is  
affirmed. 8 Time-reversal asymmetry of anisotropic elasticity. A  
weak-formalism version of a recently developed closed form for  
the scattering of a plane wave from a slab
