About This Content

Men of War: Assault Squad 2 - Airborne is the second DLC for AS2. It comes with a set of new features and additional singleplayer content. Fight as airborne commander behind enemy lines and support allied landing operations. The success of these operations will depend solely on you!

Finally, you will be able to fight against bots in multiplayer matches through LAN or online with friends. New ranked statistics for bot matches allow you to keep track of your progress. Level up faster with XP bonuses for friends and increase the difficulty of your opponents for bigger challenges!

Key features:

- Multiplayer bots for LAN, internet games and match-making in four difficulty modes
- New personal statistics for bot matches
- 5 new singleplayer skirmishes in which you fight as a stealth and airborne commander

Free updates:

- Steam lobby chat

-
- In-game friends list and quick join functionality
 - Async texture loader for enhanced stability of modded games
 - New session filters for faster server browsing
 - many more.

This is the douchiest of moves: only by buying DLC you can have AI bots and so some skirmish mode. This should be added as free patch. I would understand if original game had any kind of proper campaign, but it doesn't so you're stuck with boring singleplayer. Really, this is the greediest thing to do..
